

The Top 25 Facts About SARS-CoV-2, COVID-19 and the “Vaccines”

1. No one has ever provided evidence that SARS-COV-2 has been properly isolated.
2. There is ample evidence that “gain of function” research has been funded by the United States government.
3. Because natural organisms cannot be patented, the existence of dozens of patents for coronaviruses proves that they are man-made.
4. The use of the PCR test to determine COVID-19 “cases” is misguided and fraudulent. Even the inventor of the PCR test opposed its use for diagnoses.
5. Lockdowns have caused far more harm than good. They do not prevent the spread of disease, they only postpone it. Social distancing does absolutely nothing to stop the spread of viruses that are aerosolized.
6. Masks do NOT stop the spread of coronavirus and they actually cause more harm than benefit. Their main purpose is to demonstrate control.
7. The rules by which death certificates are completed have been illegally changed in order to fraudulently increase the number of deaths attributed to COVID-19.
8. Influenza did not just magically disappear. Many people with the flu and/or pneumonia have been misdiagnosed and their deaths have been miscategorized as COVID-19.
9. The NIH, the FDA and the CDC are directly responsible for thousands of deaths due to their opposition to a wide range of early treatments.
10. Dozens of studies around the world have shown that early treatment with a wide variety of nutritional supplements such as Vitamin C, Vitamin D, zinc, ivermectin, hydroxychloroquine, budesonide, colchicine and many other safe and available treatments have saved countless lives.
11. The abuse of ventilators, Remdesivir and Midazolam has killed tens of thousands of people worldwide.
12. The concept of informed consent regarding treatments and jabs is being illegally ignored.
13. People who have already had COVID-19 have stronger, more complete and more durable immunity than what may be provided by the jabs.
14. The so called “vaccines” are not vaccines at all. They are a form of genetic therapy.
15. The harm and injury caused by the so called “vaccines” far outweigh any benefits. Universal mandates ignore unique, individual circumstances.
16. The so called “vaccines” are NOT safe. They have already caused death and permanent harm to tens of thousands of people.
17. The so called “vaccines” are NOT effective. The original clinical studies showed no statistically significant reduction in death.
18. The so called “vaccines” do NOT prevent infection with the virus, nor do they prevent transmission of the virus. The argument that Americans should get the vaccine in order to protect others is completely and totally false.
19. Numerous researchers around the world have documented the presence of a number of contaminants in the vaccines including graphene oxide, parasites and various metals.
20. Mass vaccination in the middle of a pandemic is an enormous mistake because the so called “vaccines” are “leaky,” which drives the development of variants.
21. The spike protein used to design the so called “vaccines” has mutated into numerous variants, which have rendered the jabs useless.
22. The antibodies that the human cells are triggered to make (after the “vaccine”) against the original spike protein are NOT able to neutralize the Delta variant (or other variants) of the spike protein. They are actually enhancing and increasing the dangers of COVID-19 due to what is known as Antibody Dependent Enhancement (ADE).
23. Even the CDC admits that thousands of people who have been “vaccinated” have died due to breakthrough infections with COVID-19 while counting partially vaxxed people as non-vaccinated.
24. Everyone in the United States is entitled to a religious exemption if they have a deeply held religious belief that prevents them from accepting this so called “vaccine”. ANYONE who discriminates against someone based on their religious beliefs is committing a crime.
25. Forced or coerced vaccination is a form of rape that violates your bodily autonomy. Forcing school children to be violated is an absolute abomination.
